## SECTION 01

# Welcome Letter

*A message from the Honorary President and President of the Conference*

# Welcome Letter

*Dear Esteemed Colleagues and Distinguished Guests,*

On behalf of the organizing committee, it is my great honor and privilege to welcome you to the 1st International Conference of Iraqi Kurdistan Pediatric Surgeons Association (IKPSA), that will be held on 3-4th September, at Divan Hotel, Erbil-Kurdistan, Iraq.

We are truly delighted to gather, sharing our collective knowledge and expertise in the field of pediatric surgery. This event provides us with an exceptional platform to engage in meaningful discussions, explore innovative surgical techniques, and strengthen our commitment to advancing healthcare for children.

As we convene the conference, we are reminded of the importance of collaboration, not only in the advancement of medical practices but also in fostering a community of care that transcends borders. The work we do in pediatric surgery is vital to improving the lives of children and their families, and each contribution you make, no matter how small, plays an integral role in this mission.

This conference brings together professionals from across the region and beyond, representing a diverse spectrum of expertise and experience. We look forward to the insightful presentations, workshops, and networking opportunities that will no doubt enrich our practices and inspire future innovations in pediatric surgery.

Thank you for your dedication to the field and continuous support. We are confident that this gathering will inspire new ideas, collaborations, and friendships that will continue to shape the future of pediatric surgery in Kurdistan, Iraq and around the world.

The conference is welcoming you with the genuine hospitality of Erbil city, with its outstanding ancient historical castle, hosting many cultures, religions, languages, and mankind diversities, all living together in peace and harmony, with opening doors policy and warm welcome for everyone.

The social program of the conference offers you a great chance to meet friends and colleagues locally and internationally.

Wishing you all a productive and fulfilling conference experience.

*Sincere regards,*

**Assist. Prof. Dr. Hawkar A. Khayyat**

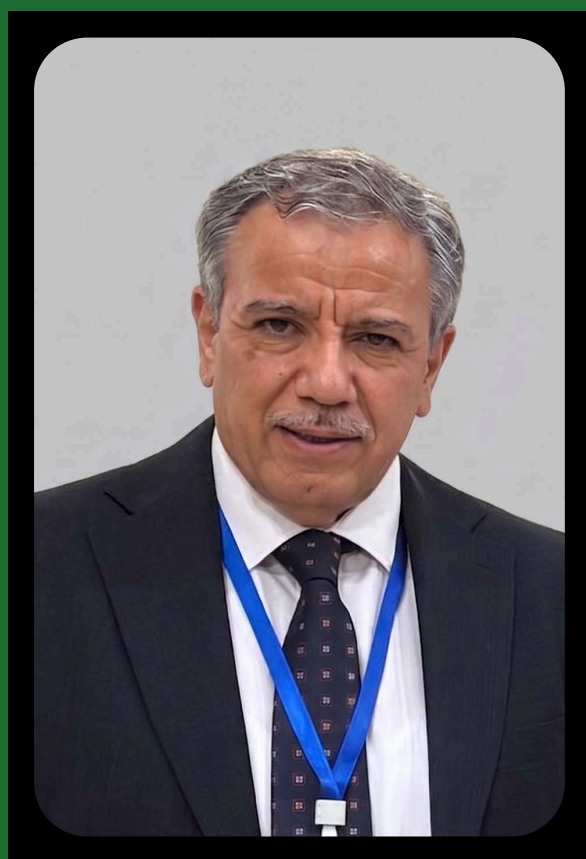

*President of the Conference*

**Prof. Dr. Hasan Kareem Gatea Al Musa**

*Honorary President of the Conference*

*Honorary President of the Conference*

## SECTION 02

# Program Agenda

*Two days of scientific sessions across six specialties*

# Program Agenda

## Thursday · 3 September 2026

7:30 – 9:00

**Registration, Welcome and Greetings**

10:15 – 11:30

**Opening Ceremony of the Conference****CHAIRPERSONS** Hasan Kareem Gatea, Raja Mustafa, Abdulrahman A. Sulaiman, Hawkar A. Khayyat**SESSION ONE****Thorax****9:00 – 10:00****9:00–9:15**

Bridging the Gap: Transition of Care, from Pediatric Surgery to Adult Surgical Care

Qadir M. Salih

**9:15–9:30**

Thoracoscopic Esophageal Atresia Repair - My Personal 20 Years Experience

Dariusz Patkowski — LIVE ZOOM

**9:30–9:45**

From Evidence to Excellence: 12 Years of Experience in Esophageal Atresia Repair, Translating Risk Factor Analysis into Improved Anastomotic Outcomes

Ali Egab

**9:45–10:00**

Laparoscopic Cystic Lung Diseases

Ali Falah Al-Lami

**10:00–10:15***Panel Discussion***10:15 – 11:30****Opening Ceremony · Exhibition Opening · Coffee Break****CHAIRPERSONS** Sinan Nief Aljarrah, Humam Alkhaffaf, Maha Al-Rudaini, Mahdi Aziz Hama Marif**SESSION TWO****GIT****11:30 – 13:00****11:30–11:45**

Probiotics in Pediatric Surgical Pathologies

Amine Ksia — LIVE ZOOM

**11:45–12:00**

Clinical Dilemma in Managing a Child with Portal Hypertension

Dier Abdulkhaliq Chalabi

**12:00–12:15** Rare and Uncommon Pediatric Surgical Disorders: Diagnosis, Surgical Management, and Recent Advances  
Aws Amjad Alhamadany

**12:15–12:30** Is the Umbilicus the Universal Key? An Analysis of the Circum-umbilical Fold Incision in Diverse Neonatal Surgical Conditions  
Muataz Abduljawad Alani

**12:30–12:45** Appendiceal Colic as Real Cause of Recurrent Abdominal Pain of Unknown Origin  
Nawfal Alkhayat

**12:45–13:00** *Panel Discussion*

**13:00 – 13:10** **Sponsors Recognition Awards Ceremony · Group Photo**

**13:00 – 14:00** *Lunch Break*

**CHAIRPERSONS** Bilal Hamid Abdul-Ghafoor, Ahmed Aboud, Qadir M. Salih, Media Abdullah

### SESSION THREE

## Oncology & Nutrition

**14:00 – 15:30**

**14:00–14:15** Updates on Fever in Children  
Dr. Mohammed Hasan Saeed

**14:15–14:30** Optimizing The Wound Microenvironment: A Next-Generation Solution - Kani Jeffer  
Sponsored  
Mouataz Shakir Hassan

**14:30–14:45** Upfront Radical Nephrectomy in Children with Wilms Tumors. Do Tumor Size & Laterality Matter?  
Moaied A. Hassan

**14:45–15:00** Congenital Hyperinsulinism (Nesidioblastosis): Concise Overview  
Kawthar Fakhri Al-Bayati

**15:00–15:15** Beyond Calories: The New Era of Precision Parenteral Nutrition in Pediatrics  
Media Khalid Abdullah

**15:15–15:30** *Panel Discussion*

**15:30 – 16:00** *Coffee Break*

**CHAIRPERSONS** Bassam Khaleel Al-Abbasi, Therwat Majeed Mohsin, Ather Ahmed

**SESSION FOUR**

**GIT**

**16:00 – 17:00**

- |                    |                                                                                                                                                             |

## SECTION 05

# Speakers' Biographies

Forty-two speakers from Iraq, the Kurdistan Region, and abroad

# Speakers' Biographies

## Dr. Abdulrahman Omar Taha

MBCHB, FIBMS (Ped. Surgery)

- Senior pediatric surgeon
- Lecturer at Erbil Health Technical College
- Fellow of Pediatric Urology FIBMS
- Pediatric Surgeon from Erbil, Iraq, with over 20 years of medical practice
- Highly interested in pediatric urology and colorectal surgery, and participated in live operative workshops
- One of the founding members of IKPSA

## Prof. Dr. Ali Egab Joda

- Consultant Pediatric Surgeon
- Head of the Pediatric Surgery Training Center - Iraqi Board for Medical Specialisation.
- Child's Central Teaching Hospital - Baghdad.
- Professor at Mustansiriyah University - College of Medicine.
- Published 25 articles and scientific papers

## Prof. Dr. Ali F. Al-Mayoof

MBCHB, FIBMS

- He is the head of pediatric surgery division in surgery department of the faculty of medicine in Mustansiriyah University, Baghdad-Iraq
- He got certified training in the field of pediatric surgery from Teaching Hospitals in Germany, Turkey, and Fi
- He is a member of Asian Association of Pediatric Surgeon and the World Federation of Association of Pediatric Surgeons (WOFAPS) and a member of the global pediatric surgery team, beside the Iraqi Medical Association and the Society of Iraqi Surgeons.

## Dr. Ali Falah Al-Lami

- Specialist pediatric surgeon FICMS
- Head of pediatric surgery center Kirkuk

## Dr. Amine Ksia

- Professor pediatric surgery Faculty of Medicine Monastir Tunisia
- President of the Arab association of pediatric surgeons
- President of IPEG middle east chapter
- General secretary PAHFIS
- Board member WOFMPS foundation
- Board member Pan African association of pediatric surgery
- Past President Tunisian association of pediatric surgery

## Dr. Arkan Hadi Al-Luhaibi

Consultant Pediatric Surgeon

- Graduated from the College of Medicine, University of Mosul, in 1999.
- Completed the Iraqi Board in Pediatric Surgery – Iraqi Board for Medical Specializations in 2009.
- Awarded the title of Consultant in Pediatric Surgery in 2021.
- Appointed as a Supervisor in Laparoscopic Surgery in 2025.
- Currently works as a Consultant Pediatric Surgeon at Ramadi Teaching Hospital for Maternity and Children.

## Dr. Aws Amjad Alhamadany

MBCHB, FIBMS, European Board · Consultant Pediatric Surgeon

- 15 published articles in field of interest
- Training courses in USA, UK, Japan and Turkey
- Head of consultant committee for pediatric surgery
- Head of training program for Arab board in pediatric surgery

## Dr. Ayad A. Mohammed

- Pediatric Surgeon
- Heevi Pediatric Teaching Hospital, Duhok

## Dr. Aymen Hameed Rashid

MBCHB, FIBMS (Pediatric Surgery)

- Lecturer at College of Medicine- Al-Iraqia University
- Pediatric surgery specialist at Al-Batool Teaching Hospital, Diyala-Iraq

## Dr. Azad Abduljabbar Haleem

MBChB, DCH, FIBMS, FRCPCH, FAAP · Professor of Pediatrics · Consultant Pediatrician

- Pediatric Endocrinologist
- Fellow of the Royal College of Pediatrics and Child Health (FRCPCH)
- Fellow of the American Academy of Pediatrics (FAAP)
- Head of Pediatric Department, College of Medicine, University of Duhok, Iraq
- Head of Iraqi and Kurdistan Pediatric Board Center – Duhok
- Head of Rare Disease Unit, Duhok, Iraq
- Head of Pediatric Endocrinology, Duhok, Iraq
- Vice President of Kurdistan Pediatric Society

## Dr. Bassam Khalid Alhajjar

MBChB, FIBMS (Ped. Surgery)

- Consultant Pediatric Surgeon, Al-Khansaa Teaching Hospital, Mosul-Iraq
- Lecturer in department of surgery, Mosul Medical College-University of Mosul
- Vice President of Doctors Syndicate in Nineveh
- Trainer in Arabic Board of Pediatric Surgery

## Dr. Binar Faheem Abdullah

- Dr. Binar is a pediatric surgery resident at Havi Pediatric Hospital in Duhok, Kurdistan Region, Iraq.
- She earned her medical degree in Kurdistan and is currently pursuing specialized training in pediatric surgery, with a particular interest in pediatric urology and congenital surgical disorders.
- Dr. Binar is actively involved in clinical research and academic activities. She is committed to advancing pediatric surgical care through evidence-based practice, research, and international collaboration.

## Prof. Dariusz Patkowski, MD, PhD

Head of Pediatric Surgery and Urology Department – Warsaw Medical University · President of the Scientific Committee of International Pediatric Live Surgery Online Group

- Professor Dariusz Patkowski is a distinguished specialist in pediatric surgery and urology and has been the Head of the Department of Pediatric Surgery and Urology at Wrocław Medical University since 2008. His clinical and scientific work focuses on minimally invasive surgical techniques, with particular emphasis on laparoscopic inguinal hernia repair in children and thoracoscopic treatment of esophageal atresia and tracheoesophageal fistula. He is a student and successor of Professor Jerzy Czernik.
- He is the author of the innovative PIRS (Percutaneous Internal Ring Suturing) technique, for the treatment of inguinal hernias in children.
- He was the first surgeon in Poland to perform thoracoscopic esophageal atresia repair in a newborn and developed a unique esophageal lengthening technique.
- He is among the world's leading surgeons in this field and likely has one of the most extensive experiences globally in neonatal endoscopic surgery. He also introduced endoscopic treatment of patent ductus arteriosus (PDA) at the Wrocław pediatric surgery center.

## Dr. Dler Abdulkhaleq Chalabi

- Professor in Pediatrics at Hawler Medical College and Consultant Pediatrician at the Rapareen Teaching Hospital for pediatrics in Erbil, he is Full member of NASPGHAN and APSPGHAN since 2021 and ESPGHAN since 2025.
- Have been elected as president of Kurdistan pediatric society at July 2024 and also serves as Program director of Kurdistan board for medical specialization in Pediatrics and also in Pediatric gastroenterology. Head of gastroenterology and endoscopy unit in the hospital since 2019.
- He has special interests in pediatric gastroenterology and nutritional disorders with more than 30 publications and member of editorial board of Zanko medical journal. He served previously as head of pediatric department in medical college and Rapareen teaching hospital for pediatrics.

## Dr. Farah Salim Bachay

MBChB

- Pediatric Surgery Resident- Final Year Board Fellow
- Children Welfare Teaching Hospital, Baghdad-Iraq

## Prof. Dr. Hiwa Omer Ahmed

MBChB, FRCS, CMBSc · Professor in General Surgery

- Consultant General Surgeon in Sulaimani Teaching Hospital
- Senior Lecturer in General Surgery in College of Medicine, University of Sulaimani
- Head of the cancer committee, medical school, faculty of medical sciences, University of Sulaimani
- Published more than 31 research and papers in reputed journals
- Regular Member of ASMBS American Society of Metabolic and Bariatric Surgery, IFSO, EATS, ALES (GB & I), European Association of Endoscopic Surgeons EAES
- Diploma in Advanced laparoscopic surgery and bariatric surgery
- Diploma in advanced Laparoscopic Surgery from European Surgical Institute in Hamburg / Germany

## Dr. Hunar Jamal Hussein

MBChB, FRCS (Pediatrics) · Final-Year FRCS Fellow in Pediatric Gastroenterology

## Dr. Jihan Ismail Mustafa

MBChB, FRCS (Pediatric Surgery)

- Pediatric surgery specialist at Soran Maternity Hospital, and Rapareen Pediatric Teaching Hospital, Erbil-Kurdistan, Iraq

## Dr. Karam Nihal Hanna

MBChB, CMBSc (Pediatric Surgery)

- Senior Pediatric Surgeon at Akre Pediatric Hospital

## Dr. Kawes Zangana

MBChB, DCH, FRCGS

- Assistant Professor HMU, College of medicine
- Consultant Pediatrician

## Dr. Kawthar Fakhri Al-Bayati

MBChB, FRCGS (Ped. Surgery)

- Consultant Pediatric Surgeon at pediatric surgery department in Children Welfare Teaching Hospital
- Trainer for postgraduate students of Iraqi Council for Pediatric Surgery
- Trainer for undergraduate medical students of Arabic Board for Pediatric Surgery
- Supervisor for postgraduate students of the Iraqi Council for Pediatric Surgery and Arabic Board for Pediatric Surgery
- Published more than 5 papers in reputed journals

## Dr. Lana Ahmed Mohammed

MBChB, FRCGS, MD

- Assistant Professor of Pediatrics, Hawler Medical University-College of medicine
- Consultant Pediatrician, Rappareen Teaching Hospital
- Pediatric Endocrinologist, Rappareen Teaching Hospital
- Pediatric Endocrinology, Galiawa Center for Endocrinology and Diabetes
- Head of Kurdistan Rare Diseases Center
- Supervisor in both Kurdistan Higher Council of Medical Specialties and Arabic Committee for Medical Specialties/Pediatrics

## Dr. Lavin Jawdat Sabri

MBChB

- Final Year Trainee at RHCMS

## Dr. Mahmood Mosa Al-Ma'mari

- Consultant Pediatric & Laparoscopic Surgeon
- Supervisor in Laparoscopic surgery.
- Emirati Fellowship in Laparoscopic Surgery, SRMC - Abu Dhabi.

## Dr. Marwa Salim Mahmood

MBChB, FRCGS (Pediatric Surgery)

- Specialist Pediatric Surgeon at Al-Khansaa Teaching Hospital, Mosul-Iraq

## Dr. Media Khalid Abdullah

MBChB · FRCS(Pediatrics) · Pediatric Critical Care Fellow (WICCEM) —Senior Pediatrician, Pediatric Intensivist, Lectr Clinical Trainer

- Senior pediatrician and pediatric intensivist with clinical, teaching, training and academic experience in pe pediatric emergencies, neonatal care and pediatric intensive care.
- Currently working in the Intensive Care Unit of Rapareen Teaching Hospital, with ongoing academic roles at University of Kurdistan Hawler, Hoya University and the Kurdistan Board for Medical Specialties.
- Experienced in undergraduate and postgraduate teaching, clinical supervision, conference presentations, workshops and pediatric research.

## Dr. Moaied A. Hassan

MBChB, FRCGS, FRCS(Glasgow), FRCS

- Consultant Pediatric Surgeon, Pediatric Surgery Department, Basrah Children's Specialty Teaching Hospital, Basrah/Iraq.
- Consultant Pediatric Surgical Oncologist, Al-Thaqalayn Cancer Hospital, Basrah/Iraq.
- Fellow of the Iraqi Board for Medical Specialisations in Pediatric Surgery.
- Fellow of the Royal College of Physicians & Surgeons of Glasgow.
- Fellow of the American College of Surgeons.
- Chief Supervisor & Program Director/Pediatric Surgery Training Center in Basrah.
- Member of the Scientific Council of Pediatric Surgery.

## Dr. Mohammed H. Aldabbagh

Assist.Prof. in pediatric surgery

- Head of the Department of Medical Education dep., college of medicine, University of Duhok
- Director of Duhok pediatric surgery board center
- Published more than 10 papers in reputed journals

## Dr. Mohammed Hasan Saeed

MBChB FRCS

- Pediatric specialist
- Helina Center for growth and handicapped children
- Lecturer at Department of Nutrition and Dietetics, College of Health Sciences, Hawler Medical University

## Dr. Mohammed Joudi Aboud

Consultant Pediatric Surgery, FRCS, FRCGS

- Member of: Iraqi Medical Association, Iraqi Surgeons Society, Iraqi Urologists Society, Iraqi Pediatrics Society Arab Association of Pediatric Surgery, European Pediatric Surgeon's Association, American College of Surgeon (FRCS), American Pediatric Surgical Association
- Publication Committee, APSA, 2022 to date
- WOFAPS (World Federation of Pediatric Surgeons Association)

## Dr. Mohammed Kamal Mamondy

MBChB, FRCGS (Ped. Surgery)

- Lecturer at Hawler Medical University / College of Medicine
- Member of Pediatric Surgery Society in Kurdistan / Iraq

## Dr. Mohammed Nawfal Al-Tai

MBChB, FRCGS (Ped. Surgery), FRCPS, EUPSA

- Specialist Pediatric Surgeon at Tikrit Teaching Hospital

## Dr. Mouataz Shakir Hassan

- PhD ADHD Novel Concept Therapeutic Strategy / USM / Malaysia
- MSc Preventive Cardiology USW/UK
- MSc Clinical Pharmacy Iraq; MBA; MONE Strategic Leadership/UPJV France
- ADHD and Migraine Researcher

## Dr. Muataz Abduljawad Alani

- Consultant and Assistprof of Pediatric Surgery
- HOD of Pediatric Surgery at Ibn Al-Atheer Teaching Hospital once established in 2023
- Got Iraqi Board of Paediatric Surgery in 2004
- Got the European Board of Pediatric Surgery in 2009
- Supervisor in Iraqi and arab board in Mosul Pediatric Surgery Centre since 2011
- Head of the scientific committee of medical research in Nineveh Health Directorate since 2018
- Published 4 books in the field of pediatric surgery and medical research
- Has published more than 20 research papers in medical journal

## Dr. Nawfal Alkhayyat

- Consultant pediatric surgeon
- Graduate from Mosul University
- Arabic board in general surgery
- Iraq board in pediatric surgery
- Worked in child teaching hospital since 1992 up to 2015, retired

## Dr. Obay Abdulaziz Edan

- Assistant professor of pediatric surgery at college of medicine, University of Mosul
- Consultant pediatric surgeon at al Khansaa Teaching Hospital.

### Dr. Qadir Mohammed Salih

MBChB, FIBMS · Assistant Professor & Consultant Pediatric Surgeon · Head of Pediatric Surgery Center-Duhok · Program Director of Pediatric Surgery —KHCMIS

- Department of Pediatric Surgery, College of Medicine, University of Duhok; Heevi Pediatric Teaching Hospital, Duhok, Kurdistan Region, Iraq
- Assistant Professor and Consultant Pediatric Surgeon with extensive clinical, academic, and teaching experience in pediatric surgery. Professional interests include congenital and complex pediatric surgical conditions, pediatric surgical education, postgraduate training, and clinical research.
- He is actively involved in pediatric surgical training, postgraduate education, and professional development.

No. 1250

**a** Abbott

**Therapeutic Indications:** Klacid belongs to a group of medicines called macrolide antibiotics. Antibiotics stop the growth of bacteria (bugs) that cause infections. It is used to treat infections such as: 1. Chest infections, such as bronchitis and pneumonia 2. Throat and sinus infections 3. Skin and tissue infections 4. Ear infections (including inflammation of the middle ear (acute otitis media). Klacid 125mg/5ml granules for oral suspension is used in children 6 months to 12 years old. **Dosage and Method of use:**

[illegible]

Children who weigh less than 8kg should be given a dose of 0.3 mL/kg twice a day. • Doctors may sometimes prescribe higher or lower doses than these. • Kiacid 125mg/5ml granules for oral suspension should be given twice a day, once in the morning and again in the early evening. It can be given at mealtimes if this is more convenient. • Bottle should be well shaken before using and closed tightly afterwards. • Kiacid 125mg/5ml granules for oral suspension is usually given for 5 to 10 days.

**Contraindications:** • Allergy to clarithromycin, other macrolide antibiotics such as erythromycin or azithromycin, or any of the other ingredients of Kiacid 125mg/5ml granules for oral suspension. • Taking medicines which affect blood clotting (e.g. ergosterol or ergosterol derivatives) or use ergosterol inhalers for asthma. • Taking medicines which affect the heart rhythm (e.g. digoxin, amiodarone, disopyramide, procainamide, quinidine, sotalol, verapamil, etc.). • Having a liver problem (or a family history of liver problem) as combining these drugs can sometimes cause serious disturbances in heart rhythm. • Taking other medicines which are known to cause serious disturbances in heart rhythm.

**Therapeutic Indications:** Klacid belongs to a group of medicines called macrolide antibiotics. Antibiotics stop the growth of bacteria (bugs) that cause infections. It is used to treat infections such as: 1. Chest infections, such as bronchitis and pneumonia 2. Throat and sinus infections 3. Skin and tissue infections 4. Ear infections, particularly inflammation of the middle ear (acute otitis media). Klacid 250mg/5ml granules for oral suspension is used in children 6 months to 12 years old. **Dosage and Method of use:**

[illegible]

**Children** who weigh less than 8kg should be given a dose of 0.15 mg twice a day. Doctors may sometimes prescribe higher or lower doses than these. • Klacid 250mg/ml granules for oral suspension should be given twice a day, once in the morning and again in the evening. It can be given at mealtimes if this is more convenient. • Bottle should be well shaken before used and dosed slightly afterwards. • Klacid 250mg/ml granules for oral suspension is usually given for 5 to 10 days.

**Contraindications:** Allergy to clarithromycin, other macrolide antibiotics such as erythromycin or azithromycin, or any of the other ingredients of Klacid 250mg/ml granules for oral suspension. Taking medicines called cecid aryl tablets (e.g. ergometrine/dihydroergometrine) or use ergotamine injections may migrate. • Taking medicine containing aluminium hydroxide or magnesium hydroxide (antacids) may reduce the effectiveness of Klacid 250mg/ml granules for oral suspension (problems). Some medicines cause serious liver problems (hepatotoxicity), e.g. taking both medicines which are known to cause serious liver problems).

## Nutriferon

Next generation Organic Iron  
for next generation children

+ Lactoferrin  
+ Phytoferritin  
+ Rose Hips Extract

#### Phytoferritin

- Phytoferritin is safe, effective and next generation iron therapist.
- Bioavailability of organic iron in phytoferritin is higher than inorganic iron.
- Phytoferritin is ideal to help iron replacement therapies.

#### Lactoferrin

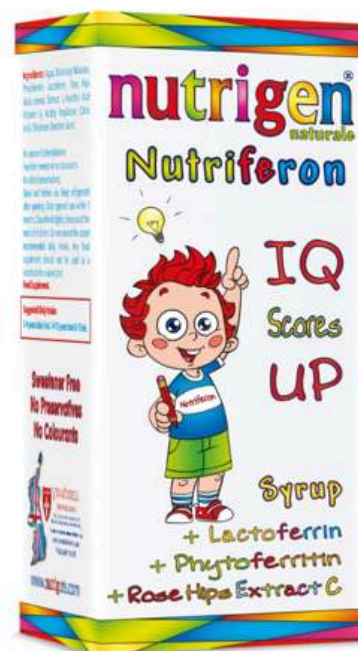

- Lactoferrin is key factor to increase iron absorption.
- Lactoferrin has equal clinic effectiveness to ferrous sulphate iron treatment.
- Extra protective antimicrobial properties.

#### Rosehips

- Rosehip has natural source of Vitamin C which increases iron absorption in children.
